MATERIAL LIFTS FROM SUMNER

Instant Norge AS imports Sumner material lifts and plasterboard lifts because of their quality and functionality.

Sumner is well known in the market for their creative and functional solutions. The lifts are designed and built for use on construction sites and are extremely robust. Products from Sumner help you to move heavy load safely, efficiently and easy. Long experience and high competence has resulted in high-quality and cost effective machines. The lifts are designed and produced in USA, and all of the models are CE-marked.

2000-SERIES

This compact material lift series has a robust mast and an unrivaled cable system. The short mast makes it possible to get through doorways without tipping, and is also well suited for cars with small storage space. The wheels are made of polyurethane, making them safe to use on most surfaces.

Sumner's 2000-series includes 4 different models: Sumner 2010, Sumner 2015, Sumner 2020 and Sumner 2025

- Transport height 1,93 m
- The models have a lifting height of 3.5 m, 4.9 m, 6.3 m & 7,7 m
- Maximum weight from 300 to 455 kg
- Fit through standard doorways
- Reversible forks
- No tools - no loose parts
- Easy to adjust and merge
- Lockable wheels

Optional equipment

- Cradles
- Fork extension
- Gallows for hanging loads
- Transport wheels

2200-SERIES

The 2200 Lil' Hoister series is one of our most versatile lifts, ideal for both industrial work and other sectors. The material lifts are compact, robust and an essential helping device when it comes to unmanageable and heavy loads. It is light, easy to transport and ideal for many lifting tasks.

- Easy to store
- Flexible and user friendly

Optional equipment

- Aluminum tray
- Brakes for the wheels
- Double wheel-set for rough terrain or when the lift is used as a hand truck

2400-SERIES

This series of material lifts consists of Sumner 2412 and Sumner 2416. It is the perfect material lift for entrepreneurs in electrical matters, steel and indoor climate. It is also well suited for industrial maintenance.

- Compact lifts with a lifting height of 4 m and 5.2 m
- A capacity to lift up to 200 kg
- No loose parts - the machine is in ONE part
- Very easy to move for one-man tasks
- Fits in most vans and SUV's

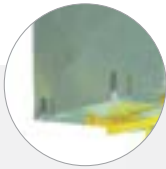

2300-SERIES

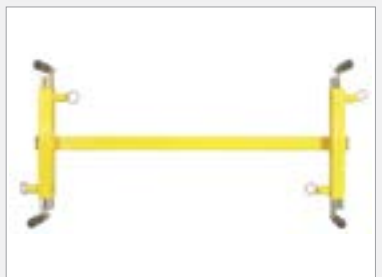

Plasterboard lifts, Sumner 2311 CE and 2315 CE are well known in the market for their quality and safety. As opposed to most plasterboard lifts, the Sumner lifts are operated with a solid cable instead of a chain.

- Solid and safe construction
- Two speed winch handle
- Easy to assemble
- Tilts 65°
- Lifts loads of 70 kg up to 3.4 m or 4,5 m

Optional equipment

- Special equipment for loading fluorescent tubes/air-condition elements
- Transport trolley

ROUST-A-BOUT™ AND FAB-MATE™

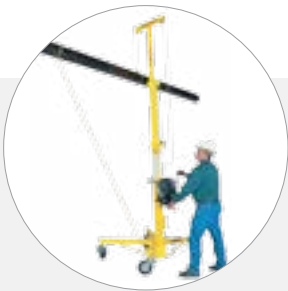

Sumner's special machines are innovative in design and use. They make hard tasks possible and contribute to reducing working time.

Roust-A-Bout

- Can lift up to 628 kg
- Lifting height from 4.6-7.6m
- Moves both vertically and horizontally
- Separate load- and mast winches
- Two-speed winch handle
- Ideal for use on both construction sites and in stores
- Mast and base disassembles quick for easy transportation

Fab-Mate

- Can lift up to 450 kg
- Lifting height 2.1 m
- Moves loads both vertically and horizontally
- Sumner-constructed one-speed winch
- Wide selection of options makes the lift very flexible
- Available in several price ranges

Optional equipment

- T-extension for extra heavy and wide load

The INSTANT brand has been known on the Norwegian market for about 40 years. Norway's leading rental shops, large government agencies as well as a vast number of entrepreneurs and contractors are among our faithful and satisfied customers.

Scaffolding products and INSTANT scaffolds in particular, have traditionally been, and will continue to be, a very important business area for us. However, we have broadened our range of products, adding facade scaffolds, lifts, material lifts, pedal lifts, building fences, walkways and material handling products also known as Blue Products.

Our main objective will always be to deliver high quality products at reasonable prices. We know that quality is essential for safe and secure operation.

Thus, our slogan: Our Quality - Your safety.
